TEACHING EVALUATIONS SPRING SEMESTER 2021

Attached is the report for your Spring 2020 course. The report reflects the policy and procedures published in the Faculty Handbook, Section II-8, pages 13-15.

Presentation of Data

This report provides the average values of all individual questions in several areas. Items 1-8 ask about the course, items 9-18 ask about the instructor and items 19-23 include any items you might have supplied to your students. The top of page one shows a legend to help you interpret your data. There is no single overall summary of the individual items.

The second part of this report contains a histogram which faculty requested to help visualize results. The third section contains a profile of responses for the course. And finally, the report reproduces the written comments provided by students.

Maintenance of Data

Student feedback for Spring courses is not uploaded to eDocs and is not maintained in a faculty member's personnel file in the Provost's Office.

Use of Data

While we are pleased to present these reports on how your students perceived your course, you will want to remember that the Faculty Handbook language says ..."evaluation of faculty members' overall teaching effectiveness should always be considered in relation to at least one other form of teaching evaluation including teaching portfolios, peer evaluations, and other devices." For help in developing additional methods to evaluate your teaching, contact the Center for the Advancement of Teaching and Learning.

Sincerely,

The Office of the Provost and Academic Affairs

Comments Report

3. PART 3: INSTRUCTIONS: Your constructive feedback on the following items is appreciated. If your instructor added an item for 3.3, please respond to that item also.

3.1) Comment on aspects of the instructor's teaching style that helped the learning process.

- I really liked how much we were able to ask questions.
- I really liked the way the class was set up. Watching videos and then coming into class with questions was really helpful and efficient. Especially because I could pause the video and go back if I needed to.
- Loved the video lessons and the class set-up as a question time. It was a great way for me personally to learn and work on the material, allowing me to work ahead if needed but also go back and ask questions if I got stuck/
- Profesor Furnas is SO organized it is extremely helpful, the videos as well as all activities and quizzes help you understand the material.

3.2) Comment on aspects of the instructor's teaching style that could be improved upon to help the learning process.

- I don't think this class needs any improvement!
- I think the only thing I struggled with was the quizzes, so maybe doing more review in class when there aren't a lot of questions might be helpful. I know sometimes we did do that.
- I think with COVID the class time being cut down and having a flipped classroom did not help my learning style. It definitely made it more difficult.
- The quizes personally seem like something that aren't 100% necessary but I do understand why they are there.

3.3) (Item provided by the instructor)
